## About Us

The Asian Pacific Islander (API) community in San Mateo County is the largest ethnic group in the County comprising over 31% of the County’s population. However, API elected officials are only 12% of elected city officials.

The mission of the caucus is:

*To support the API community through supporting API elected and appointed officials, and to advocate and support policies that further the goals and aspirations of the API community in San Mateo County.*

Our goal is to change that by being a voice for the API community. To support API elected appointed officials, to build a pipeline of future leaders, and to make sure that the issues we care about are heard at the local level, as well as in Sacramento and in Washington DC.

The San Mateo API Caucus is nonpartisan and seeks to support public officials, appointed officials and community leaders that understand the API community and will listen to the needs of our community in San Mateo County.

## The Internship Program

The program is targeted to high school and college students interested in learning about local government and being an effective voice in the community. Scheduled for 10 weeks, the program will involve weekly sessions led by elected officials covering a variety of topics including public speaking, speaking at council meetings, being an effective organizer, and the basics of campaigning. In addition to weekly seminars, there will be a weekly activity, and the opportunity to intern in the office of a local elected official.

## Eligibility

The program is open to all high school juniors and seniors and undergraduates. **(Applicants must be 18 years old at the start of the program)**
